NEMSIS Overview and Summary Page

New Information has been added explaining Deprecated:

Element Deprecated (#19)

Elements that are signified as "deprecated" will be removed from a future version of the NEMSIS standard. Their use should now be avoided, but will be supported until they are removed from the standard.

NEMSIS Version 3 Sample Element Page

Update to sample element page:

A graphic has been added to the sample element page indicating that the element is Deprecated and will be removed from the NEMSIS Version 3 standard at a later date. The graphic appears at the top left of the element page Deprecated. In addition, the graphic appears in the legend of every Grouping page.

Common Type – icd10MedSurge

Pattern Change: The ICD-10-CM "T" Codes were added to the allowed pattern.

Old Pattern:
([A-QSZ][0-9]{2})((\.[0-9A-Z]{1,3})?)

New Pattern:
([A-QSTZ][0-9]{2})((\.[0-9A-Z]{1,3})?)

Elements Affected:
1.   eHistory.08 – Medical/Surgical History

Street Address Attribute

StreetAddress2 attribute added to:
1.   dLocation.06 - EMS Location Address
2.   dPersonnel.04 - EMS Personnel's Mailing Address

ePayment.43 - Ambulance Transport Code

New Deprecated Comment Added

Deprecated Comments:

> Originally added to improve billing with electronic claims using X12. This element has been retired from the X12 5010 standard.

ePayment.47 Ambulance Conditions Indicator

Comment Change

Old V3 Changes Implemented:

> Added to improve billing with electronic claims using X12

New V3 Changes Implemented:

> Added to improve billing with electronic claims using X12. The Codes and Descriptors updated Sept 2013 to meet the X12 5010 standard.
