

## eArrest.07 - AED Use Prior to EMS Arrival

## Definition

Documentation of AED use Prior to EMS Arrival.

|                   |          |                          |       |
|-------------------|----------|--------------------------|-------|
| National Element  | Yes      | Pertinent Negatives (PN) | No    |
| State Element     | Yes      | NOT Values               | Yes   |
| Version 2 Element |          | Is Nillable              | Yes   |
| Usage             | Required | Recurrence               | 1 : 1 |

## Associated Performance Measure Initiatives

Cardiac Arrest

## Attributes

**NOT Values (NV)**

7701001 - Not Applicable

7701003 - Not Recorded

## Code List

**Code Description**

3007001 No  
 3007003 Yes, Applied without Defibrillation  
 3007005 Yes, With Defibrillation

## Data Element Comment

This element is a component of the Utstein Cardiac Arrest Criteria.

## Associated Validation Rules

| Rule ID     | Level   | Message                                                                                                                                                                                                                                                         |
|-------------|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| nemSch_e001 | Error   | When AED Use Prior to EMS Arrival is empty, it should have a Not Value (Not Applicable, Not Recorded, or Not Reporting, if allowed for the element) or a Pertinent Negative (if allowed for the element), or it should be omitted (if the element is optional). |
| nemSch_e002 | Error   | When AED Use Prior to EMS Arrival has a Not Value (Not Applicable, Not Recorded, or Not Reporting), it should be empty.                                                                                                                                         |
| nemSch_e103 | Warning | AED Use Prior to EMS Arrival should be recorded when Patient Evaluation/Care is "Patient Evaluated and Care Provided" and Cardiac Arrest is "Yes, Prior to Any EMS Arrival (includes Transport EMS & Medical First Responders)".                                |
| nemSch_e104 | Warning | AED Use Prior to EMS Arrival should only be recorded when Cardiac Arrest is "Yes...".                                                                                                                                                                           |
| nemSch_e119 | Warning | Who First Applied the AED should be recorded when AED Use Prior to EMS Arrival is "Yes...".                                                                                                                                                                     |
| nemSch_e122 | Warning | Who First Defibrillated the Patient should be recorded when AED Use Prior to EMS Arrival is "Yes, With Defibrillation".                                                                                                                                         |
