

## eInjury.04 - Trauma Triage Criteria (Moderate Risk for Serious Injury)

## Definition

Trauma triage criteria for the yellow boxes (Mechanism of Injury and EMS Judgment) in the 2021 ACS National Guideline for the Field Triage of Injured Patients.

|                   |          |                          |       |
|-------------------|----------|--------------------------|-------|
| National Element  | Yes      | Pertinent Negatives (PN) | Yes   |
| State Element     | Yes      | NOT Values               | Yes   |
| Version 2 Element | E10_04   | Is Nillable              | Yes   |
| Usage             | Required | Recurrence               | 1 : M |

## Associated Performance Measure Initiatives

Trauma

## Attributes

**NOT Values (NV)**

7701001 - Not Applicable

7701003 - Not Recorded

**Pertinent Negatives (PN)**

8801015 - None Reported

## Code List

| Code    | Description                                                                                                             |
|---------|-------------------------------------------------------------------------------------------------------------------------|
| 2904001 | Pedestrian/bicycle rider thrown, run over, or with significant impact                                                   |
| 2904003 | <del>Fall Adults: &gt; 20 ft. (one story is equal to 10 ft.) (DEPRECATED)</del>                                         |
| 2904005 | <del>Fall Children: &gt; 10 ft. or 2-3 times the height of the child (DEPRECATED)</del>                                 |
| 2904007 | Auto Crash: Death in passenger compartment                                                                              |
| 2904009 | Auto Crash: Partial or complete ejection                                                                                |
| 2904011 | Auto Crash: Significant intrusion (including roof): >12 inches occupant site; >18 inches any site; need for extrication |
| 2904013 | Auto Crash: Vehicle telemetry data consistent with severe injury                                                        |
| 2904015 | <del>Motorcycle Crash &gt; 20 MPH (DEPRECATED)</del>                                                                    |
| 2904017 | <del>SBP &lt; 110 for age &gt; 65 (DEPRECATED)</del>                                                                    |
| 2904019 | Anticoagulant use                                                                                                       |
| 2904021 | Pregnancy > 20 weeks                                                                                                    |
| 2904023 | Other EMS judgment                                                                                                      |
| 2904025 | <del>Burn, without other trauma (DEPRECATED)</del>                                                                      |
| 2904027 | Burns in conjunction with trauma                                                                                        |
| 2904029 | Auto Crash: Child (age 0-9 years) unrestrained or in unsecured child safety seat                                        |
| 2904031 | Fall from height > 10 feet (all ages)                                                                                   |
| 2904033 | Low-level falls in young children (age <= 5 years) or older adults (age >= 65 years) with significant head impact       |
| 2904035 | Rider separated from transport vehicle with significant impact (eg, motorcycle, ATV, horse, etc.)                       |
| 2904037 | Special, high-resource healthcare needs                                                                                 |
| 2904039 | Suspicion of child abuse                                                                                                |

## Data Element Comment

2021 National Guidelines for the Field Triage of Injured Patients - Yellow Criteria (i.e., Mechanism of Injury and EMS Judgment)

## Version 3 Changes Implemented

Revised to represent the 2021 National Guidelines for the Field Triage of Injured Patients - Yellow Criteria. Website:

<https://www.facs.org/quality-programs/trauma/systems/field-triage-guidelines>

## Associated Validation Rules

| Rule ID     | Level | Message                                                                                                                                                                                                                                                                                      |
|-------------|-------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| nemSch_e001 | Error | When Trauma Triage Criteria (Moderate Risk for Serious Injury) is empty, it should have a Not Value (Not Applicable, Not Recorded, or Not Reporting, if allowed for the element) or a Pertinent Negative (if allowed for the element), or it should be omitted (if the element is optional). |
| nemSch_e002 | Error | When Trauma Triage Criteria (Moderate Risk for Serious Injury) has a Not Value (Not                                                                                                                                                                                                          |

Applicable, Not Recorded, or Not Reporting), it should be empty.

- |             |         |                                                                                                                                                                                                  |
|-------------|---------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| nemSch_e008 | Error   | When Trauma Triage Criteria (Moderate Risk for Serious Injury) has a Pertinent Negative, it should be empty and it should not have a Not Value (Not Applicable, Not Recorded, or Not Reporting). |
| nemSch_e009 | Warning | When Trauma Triage Criteria (Moderate Risk for Serious Injury) has a Not Value, no other value should be recorded.                                                                               |
| nemSch_e010 | Warning | When Trauma Triage Criteria (Moderate Risk for Serious Injury) has a Pertinent Negative, no other value should be recorded.                                                                      |
| nemSch_e092 | Warning | Trauma Triage Criteria (Moderate Risk for Serious Injury) should only be recorded when Possible Injury is "Yes".                                                                                 |
