| Usage             | Required | Recurrence               | 1 : M |

## Associated Performance Measure Initiatives

Airway    Cardiac Arrest    Pediatric    Response    STEMI    Stroke    Trauma

## Attributes

**NOT Values (NV)**

7701001 - Not Applicable                      7701003 - Not Recorded

## Constraints

|                  |                      |                     |
|------------------|----------------------|---------------------|
| <b>Data Type</b> | <b>maxInclusive</b>  | <b>minInclusive</b> |
| integer          | 99999999999999999999 | 100000              |

## Data Element Comment

Used to populate dConfiguration.07 EMS Agency Procedures.

## Associated Validation Rules

| Rule ID     | Level   | Message                                                                                                                                                                                                         |
|-------------|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| nemSch_s001 | Error   | When Procedures Permitted by the State is empty, it should have a Not Value (Not Applicable, Not Recorded, or Not Reporting, if allowed for the element), or it should be omitted (if the element is optional). |
| nemSch_s002 | Error   | When Procedures Permitted by the State has a Not Value (Not Applicable, Not Recorded, or Not Reporting), it should be empty.                                                                                    |
| nemSch_s003 | Warning | When Procedures Permitted by the State has a Not Value, no other value should be recorded.                                                                                                                      |
| nemSch_s019 | Warning | Procedures Permitted by the State should be unique (the same procedure should not be listed more than once for a particular level).                                                                             |
